## Special Education and Pupil Services Monthly School Board Report

Matthew Sherwood  
Director of Special Education and Pupil Services  
February 14, 2022

**Our Vision:** Expecting Excellence and Innovation, Honoring Legacy, and Embracing Partnerships.  
**Our Mission:** Expecting Excellence and Integrity from all, developing Innovative students, strengthened through Partnerships with parents and the community.

Child Find is a continuous process of public awareness activities, screening, and evaluation designed to locate, identify, and refer all young children with disabilities who require an Early Intervention Program. School districts are required to locate, identify and evaluate children with disabilities within their attendance area. Our child development days will be conducted differently than in previous years. Children will still have the opportunity to participate in screening for speech and language development, fine and gross motor skills, and overall early childhood development, but we will be scheduling appointments on an individual basis. All District COVID-19 policies will be followed during appointments.

ACCESS testing for English Learners has been completed. Federal and state laws require that students identified as English Learners be assessed annually to determine their level of English language proficiency (ELP) and ensure that they are progressing in achieving full English proficiency.
