

SCHOOL DISTRICT OF PITTSVILLE BOARD POLICY

SCHOOL-COMMUNITY RELATIONS

USE OF SCHOOL FACILITIES AND GROUNDS

USE OF SCHOOL FACILITY

830.1

The School District of Pittsville recognizes the need for the use of District facilities by community groups or organizations. The Board of Education encourages the use of its facilities by the members of the School District.

The right to authorize the use of school facilities will be retained by the Board and/or District Administrator. Use will be determined by district policy and procedures and will be permitted only at times when the facilities are free from district curricular or extra-curricular activities.

The District Administrator reserves the right to reject, reassign, or cancel usage of school facilities when necessary because of weather, as the result of conflicts with the school, or when it appears to be in the best interest of the School District. The District Administrator also has the authority to approve the use of school facilities by non-school organizations for which admission is charged, including the solicitation of funds. Fees and costs to the District may be waived by the District Administrator when fund-raising profits are used to directly enhance the School District's mission.

Authorized non-school organizations shall be primary liable for expenses related to an injury or damages. Evidence of availability of insurance in the amount of ~~\$500,000~~ \$250,000 will be required. If they do not already have insurance, organizations may elect to obtain insurance coverage on their own, or may obtain "special events" coverage through the District's policy holder at their own cost.

The School District of Pittsville will not loan equipment to individuals or organizations for use off school grounds. Equipment necessary for staff employed by the District to perform their duties while off school grounds may be loaned with the approval of the appropriate administrator.

A school custodian or other person designated by the District Administrator must be present at a facility during the time of facility use. However, this requirement may be waived by the District Administrator when a sufficient alternative exists to ensure appropriate oversight of the use of school facilities.

Requests to use school facilities must be done through the district website (www.pittsville.k12.wi.us) and completed by the person responsible for the requesting organization fourteen (14) days prior to use. Emergency individual cases will be considered with less than fourteen (14) days notice provided appropriate personnel are available.

The District Office, with the help of the Building Principals, will maintain a schedule of usage and act on behalf of the Board of Education as the approving agent. The use of school facilities is allowed only when authorized by the Board of Education through the District Administrator. However, authorization for the use of school facilities is not an endorsement of an activity, person, or organization or the purpose(s) of such person or organization, by the Board of Education.

In addition to the immunities from liability and negation of specific legal duties as provided under Section 895.523, Wis. Stats., the School District of Pittsville, the Board, and all officers, employees and agents of the District also fully retain all other legal enforceable 1) Immunities from liability; 2) limitations on liability and monetary judgements; and 3) rights to seek or claim indemnifications.
